

Children's Message: November 1st, 2020

- Good morning boys and girls. I would like to ask you a few questions today.
 - Do you know how do you become a pilot?
 - You have to go through a lot of training, right.
 - And how do you become a doctor?
 - Well, you have to go to school for a very long time.
 - And how do you become a musician?
 - You have to practice again and again.
- You become all these things and so many more by what you.
- But how do you become a Christian?
 - Some people think it is by you praying a special prayer.
 - But that's not it.
 - Or by going to church a lot.
 - Going to church is great, but no, that doesn't make you a Christian.
 - Or by being a good person.
 - We should all seek to be good. But that's still not the answer.
- The truth is, you don't become a Christian through anything you do.
 - Instead, becoming a Christian is all about what God has done.
 - You become a Christian by Jesus living and dying for you.
 - And by God's Holy Spirit changing your heart so you can trust, love and follow Jesus.
- Because being a Christian isn't mainly about what we do.
 - Instead, it is about what God does for us.
